

DEMANDS \$30,000 FROM CLEVINGER

Margaret Fritch and Son Blain Bring Actions For Damages and Malicious Prosecution

INVOLVED IN THREE SUITS

Says Fred Clevenger Caused Them Mental Agony, by Having Son Falsely Imprisoned

Following in the path of two criminal cases against Fred Clevenger in the local court, comes now Blain Fritch and his mother Margaret Fritch of Indianapolis, and in three civil suits demand a total of \$30,000 heart balm, alleging that the defendant injured their reputations, and caused them mental agony.

Blain Fritch is plaintiff in two suits, each asking \$10,000 judgment, one being a complaint for exemplary damages and the other for malicious prosecution; his mother seeks \$10,000 on a complaint for exemplary damages.

The two plaintiffs were main witnesses for the state in the prosecution of Clevenger on a liquor charge and also on a charge of subornation of perjury, heard recently and upon which he was found guilty on each case, and appeals are being presented to the Supreme Court.

The case asking for damages on the exemplary complaints, alleges that on December 15, 1922, the defendants negotiated with Harry C. Webster, sole owner and operator of a detective agency in Indianapolis, and Homer Smalley, a detective in his employ, to "plant" booze in the Fritch home, 708 North Alabama street, Indianapolis.

The complaint alleges that the defendant gave Smalley \$8 to buy liquor and "plant" it in the Fritch home, and on December 16, the complaint alleges that the detective agency notified the police department that there was liquor in the home, and a search was conducted.

Mrs. Fritch says she is an aged woman, suffering with heart trouble and when the officers raided her home, she suffered intense mental agony, humiliation and shame, and that she should recover \$10,000 from the defendant for his alleged crime.

Mr. Fritch alleges that he also suffered humiliation, was shamed and that his reputation was injured, and because of his alleged injuries, he demands \$10,000 judgment from the defendant. The complaints allege that Clevenger wanted to incriminate Fritch in a liquor deal, in order to "get even" with him for being a witness against him in the Rush circuit court.

In the complaint for \$10,000 damages for malicious prosecution, Blain Fritch alleges that the defendant caused him to be arrested on December 26, 1922 in Indianapolis on a grand larceny charge in connection

GRAND JURY TAKES UP PROBE AGAIN

Investigators Are in Session Today and Friday, Taking up Matters After Recess

MANY WITNESSES CALLED

The grand jury which recessed last Friday after a three day session again resumed their probe this morning, and will be in session again Friday.

Many witnesses were being summoned for the session today and tomorrow, and people from several sections of the county were called before them. The nature of their investigation was unknown. A report of their findings may be made late Friday, if they finish up their work.

When they recessed last Friday, a partial report was made, and three bills returned, one being against Ernest Pitman who is now serving a term for larceny, and the other two indictments have not been served.

The length of the present term of court may be decided by the number of indictments returned, as the court would like to dispose of the cases now, instead of holding them over until fall.

JUDGE SPARKS IS ADVANCED

Elected Grand Generalissimo at Indiana Conclave This Morning

Winona Lake, June 21—Will M. Sparks of Rushville, was elected Grand Generalissimo at the closing session of the Indiana Conclave, Knights Templar, which closed at noon today, on account of the excessive heat. Other officers elected were Gaylor Leslie, Ft. Wayne, Grand Commander and Edward Schoonover, Indianapolis, Deputy Grand Commander.

Hundreds of Knight Templars from all over the state were in attendance here, and many things featured the three days session of the order, including a grand review and parade. On account of the intense heat, it was thought best to adjourn at noon, following the election of officers.

MANY VICTIMS AS NATION SWELTERS

Fifty Nine Deaths Are Reported Throughout Country, Due to Excessive Hot Weather

TODAY SEEMED THE HOTTEST

Mercury in Rushville Was Around 96 Mark This Afternoon—Some Relief is in Sight

Today was expected to break all records in the heat wave which is sweeping the country, and last night was the hottest night on record, according to Elwood Kirkwood, in charge of the government station at Mauney. Yesterday the mercury reached 91 degrees.

This afternoon thermometers in the business district were hovering around 96 degrees, establishing a new record.

The weather bureau predicted some relief for tonight with probable thunder showers in some localities of the state, and slightly cooler tonight. The weather man, however, does not predict much relief for Friday, as it will continue to be warm, but not quite so hot.

Washington, June 21—The terrific heat wave which enveloped the eastern part of the country last Tuesday, bringing about many deaths and prostrations, will be broken tonight, the official forecast of the

EDITOR ADDRESSES ROTARY CONVENTION

J. T. Williams, Boston Transcript, Points Out Responsibilities of The Press in World Affairs

SOME LIKE A SEWER SYSTEM

St. Louis, Missouri, June 21—James T. Williams, Jr., editor of the Boston Transcript, speaking before the Rotary international convention today, pointed out the responsibilities of the press of the world and scored the "publications that pander to and are supported by a licentious minority of people—all conceited and basely betrays its responsibilities."

"A press that is alive to its responsibilities is always at war with shame and hypocrisy wherever they stalk and whatever their garb," Williams said. "It would be folly to deny the existence here and there of newspapers that seek to cloak base conduct under professions of high moral purpose; that specialize in the publication of the evil sayings and feelings and thoughts of the human race in utter disregard for the public welfare."

"A sewer system is essential to the health of a community. A well-governed community finds it not infrequently necessary to open a sewer for the purpose of inspecting or repairing the system. But this is a very different thing from turning a whole community into an open sewer or making a whole community appear to the outside world as an open sewer."

THE DAMP ROAD OR THE DRY ROAD

FARMERS' UNION IS NEED OF HOUR

Samuel Gompers, Labor Head, Declares Farmers Should Be Organized Like Other Trades

AT THE WHEAT CONFERENCE

Says That Road To A Square Deal Is Not Through Senators Or Politicians, But Organization

By EDWARD C. DERR (U. P. Staff Correspondent)
Chicago, June 21.—A "farmers' union" organized like the great labor unions of the country—is the only hope of the American farmer in his fight for a square deal, Samuel M. Gompers, president of the American Federation of Labor told the National Wheat conference here today.

The conference, attended by 500 representatives of farmers, millers, grain dealers, bankers and transportation interests was called by Governors of seven states to increase the price of wheat.

"If the farming interests of America can devise no sounder methods of maintaining their proper place in the economic scheme of things than resort to a cure-of-ills they are inevitably doomed to disappointment," Gompers asserted.

"I see no reason why farmers need to expect hope from anything that does not offer hope for labor; and labor long since abandoned any dream of salvation through politicians."

"If the wage earners of our country had not the sense and courage to organize nobody would have much sympathy for them and nobody would take their complaints very seriously."

Gompers, cited former attempts of

DAMAGE SUIT ON FRIDAY

Case of Trabue vs Lake Erie Railroad Calls For a Jury

The petit jury has been ordered for service Friday morning in the circuit court, and a damage suit is scheduled to be tried in which the Lake Erie railroad and several other companies are defendants, and Samuel H. Trabue and David M. Trabue are plaintiffs. The case is for damages alleged to be due them on account of a shipment of stock from Mays to Buffalo, and which was alleged to be delayed in reaching the market.

Court has been quiet this week, on account of the absence of Judge Sparks, who has been attending the Knight Templar Conclave at Winona Lake.

HARDING TO MAKE ADDRESS TONIGHT

First Stop on His Trip West to be For Speech at St. Louis, Where Reception Awaits Him

ADDRESS AT EIGHT O'CLOCK

On His Trip West He Will Give General Outline of His Proposed International Program

St. Louis, Mo., June 21—President Harding, who will make his first speech here in advocacy of the participation of the United States in the world court, will be greeted by a salute of 21 guns fired by a detachment of artillerymen from Jefferson Barracks when he arrives at four p. m.

A huge non-political committee composed of several hundred representative business and professional men of both parties headed by Governor Hyde of Missouri and Mayor Kiel of St. Louis will welcome the president on his arrival.

The president will spend about eight hours in St. Louis, leaving at midnight for Kansas City. He speaks at 8 p. m.

By LAWRENCE MARTIN (U. P. Staff Correspondent)

On board president Harding's special train, enroute to St. Louis, June 21—President Harding will reveal on his western trip the general outline of a much more comprehensive international program than he has yet disclosed.

10 NEGROES BURN IN CHICAGO FIRE

Old Fashioned Three Story Tenement Building, Proved Fatal Fire Trap For Occupants

MANY ARE INJURED

Panic Broke Out When Flames Were Discovered in Center of Building—Housed 175 Persons

Chicago, June 21—Ten negroes were burned to death and eleven injured, some seriously, when fire destroyed an old fashioned three story tenement building in the "black belt" today.

A police announcement said nine bodies had been recovered and one man died after being taken from the structure, which, firemen declared, burned "like a paper box". More than 175 negroes, including many children were asleep in the building when flames were discovered.

The fire was reported to have started in a second hand store on the ground floor. The proprietor is held by police for questioning.

The tenement is located at 22nd and Federal streets.

A panic broke out in the building and those surrounding it when the flames were discovered after having

Mother's Pillow Slips And Sheets Used By Kids In A Masked Parade

Six Youngsters, Imitating Grown-Ups, March Through Business District, Displaying Family Linen For Their White Robes And Masks. Velocipedes Used For Mounts. "Hats Off" When The Flag Goes By, Is Their "Warning"

A parade was ushered through the business district this morning, when six "Young Americas" heavily masked, some mounted, attempted to imitate a recent parade in which some of the participants were masked and mounted.

Some suggested that they were Junior members of the organization, but upon closer examination of their costumes, it was revealed that mother probably wasn't aware that her boy was down town parading with some of the family linen.

Hoods of pillow cases and towels,

ENGINE RUNS WILD DOING BIG DAMAGE

Large Engine at Carthage Factory Tears Itself to Pieces—Parts go Through Roof

EMPLOYEES NARROWLY ESCAPE

A stationary engine, known as the constant speed number 3 engine, at the American Paper Products Company in Carthage, went on a rampage from some unknown cause Wednesday noon, and did several thousand dollars damage before it could be controlled.

The engine was located in the west end of the machine room, and two men had just left it, when it started to run wild, and these employees would no doubt have been killed if they had remained at the engine.

The monster engine tore itself to pieces, crumbled the foundation that it was fastened tightly to, and threw a portion of its heavy weight through the roof of the building. The fly wheel was wrecked and a steam line broken. The plant was compelled to shut down for several hours, and the loss was estimated at several thousand dollars.

ANNUAL MEETING IS NEXT WEEK

Rushville Dry Goods Dealers Will Attend Meeting of The State Association at Indianapolis

STYLE SHOW A FEATURE

Store Problems Will be Discussed by Various Speakers and Banquet on Tuesday Evening

Dry goods merchants of this city, who are members of the Indiana Retail Dry Goods Association, composed of the dry goods and ready-to-wear dealers in the state will hold their convention in the Travertine room, Lincoln hotel, Indianapolis, Ind., Tuesday and Wednesday, June 26 and 27. This association is one of the most successful state-wide associations of retailers in Indiana. Its membership is composed of the leading merchants in these lines in four-fifths of the entire state. The convention on Tuesday and Wednesday June 26 and 27, will be strictly along lines of interest to retail dry goods and ready-to-wear dealers.

A number of set addresses are embodied in the program, every address being on specific topics of interest to retail dry goods and ready-to-wear men and being given by experts in their line.

The convention will convene Tuesday noon, the afternoon session being given over to addresses and to a discussion of store problems by the entire membership. In the evening an elaborate banquet will be served in the Travertine room of the Lincoln hotel. A special feature of the banquet will be the style show staged by the Cleveland Garment Manufacturer.

SANE FOURTH IS URGED BY MILLER

State Fire Marshall Declares That Holiday Can Be Made Glorious Without Fire Works

LAW AGAINST THE SALE

Safe And Sane Celebration In Past Few Years Bring Remarkable Saving To Life And Property

The Fearing of July, without the trimmings of fireworks, can be made just as glorious for the youth of the land as it was in the days of uncontrolled explosives, Newman T. Miller, fire marshal of Indiana, stoutly maintains. Mr. Miller would be last to deny childhood's right to a rollicking good time on Independence Day but he would have the juvenile spirit exert itself in harmless ways.

"Fireworks are not an expression of patriotism, nor of thanksgiving for the liberty the nation's founders begot, but a most dangerous and damaging means of providing a few moments of excitement," says Mr. Miller. "The Fourth is a day for celebration and rejoicing, but let its pursuits be made to contribute to the welfare of the Republic and the good of the citizenship as well as the amusement of the pleasure seekers."

"Would it not be better to acquaint every boy and girl with the text of the Declaration of Independence on the morn of Independence day and then let them be taken for a day's wholesome outing, than to attempt to please their childish fancies with the menacing bulls and sparks of gorgeous flame? What child would not find ample excitement and genuine holiday entertainment in a day of play, in the parks, or in the quiet countryside, learning the secrets of Mother Nature, and coming into more intimate understanding of the national traditions, and the blessings of our freedom?"

"Patriotism on July 4 may best be measured in an honest and willing observance of the law, and a thought for the safety and well-being of our fellows."

"The reason for the enforcement of fire prevention regulations are too well understood to require repetition year after year but no more impressive reminder of the need for caution could be brought forth now than the nation's fireworks toll a year ago, when 250 persons were injured and forty were killed in July 4 accidents. The day was saddened in Indiana by seven fatalities. In Indiana there were twenty-eight severe accidents officially reported as due to explosives, and most of the victims were children celebrating with fire-crackers or rockets. There were eighteen

FARM HOME BURNS AT LOSS OF \$6,000

Large Residence On James Forbes Farm, Southwest Of Carthage, Destroyed Last Night

AGED MAN HAS CLOSE CALL

A large story and a half dwelling on the James Forbes farm, 3 1/2 miles southwest of Carthage, was destroyed by fire Wednesday night about 9:30 o'clock, and a loss estimated at \$6,000 resulted to the building and a portion of the contents.

The house was occupied by Henry Forbes and family, and Mr. Forbes was in Carthage when the fire broke out. The origin could not be determined. An aged man who makes his home with them, was in bed, and narrowly escaped from the burning house.

The large building burned slowly on account of the slate roof, and a big crowd gathered to offer help, but the flames were gaining too much headway for a bucket brigade to control.

The owner of the building carried some insurance, and Mr. Forbes also had insurance on the household goods. Most of the goods were saved, excepting those in the upstairs rooms.

ACCUSED MAN ALSO LED A DUAL LIFE

Thompson, Held For Chicago Mur-
der, Said To Be Husband To A
Woman, And Wife To A Man

WAS SEXUALLY ABNORMAL

Chicago, June 21.—Fred C. Thompson, alias Mrs. Francis Thompson, identified by the victim's widow as the slayer of Richard C. Tesmer, was declared by police to-day to be posing as the wife of one man and the husband of a woman known as "Marie Clark."

Chief of Detectives Michael Hughes said that Thompson, arrested in feminine attire as a "blue eyed smiling girl bandit," has been playing the dual role for at least two years.

As the "wife" of Frank Thompson, also known as Frank Carriek, Thompson secured exemption for his "husband" in the draft, Hughes asserted. The detective chief also said he possessed evidence that the prisoner posed as the "Clark" woman's husband.

Physicians who examined the prisoner, stated that he was abnormal sexually.

MRS MULL IMPROVES

Mrs. A. A. Mull, who has been seriously ill, is slowly improving.

LAVA STREAMS ARE STILL UNCONTROLLED

Danger Has Not Passed As Fresh
Streams Shoot From Mt. Etna
Throwing Molten Lava

RELIEF WORK IS BEGUN

Catania, June 21.—One hundred hours after the first great blast from Etna's cone started a panicky exodus of tens of thousands of Sicilians from their homes, molten streams of lava from the volcano still advanced on helpless towns and deserted hamlets today.

As the lava flows still fell at great distances from the mountain.

One of the main streams of withering lava moving with decreasing speed around Mt. Etna's foot hills, suddenly shot out a fiery

NOTICE TO CONTRACTORS.

Notice is hereby given by the undersigned that the Board of Commissioners of Rush County, Indiana, at the office of the Auditor in Rushville, Indiana, will receive sealed proposals for macadam road as set out in the plans and specifications, profiles and requisitions now on file in the office of the Auditor.

Said sealed proposals will be opened and the contract awarded for said improvement on the 2d day of July, 1923.

Bids or proposals will be received up to 2 o'clock P. M. on said date.

The said improvement is located in Richland Township, Rush County, Indiana, and more particularly known as the Laverne Dunn road.

The estimated cost of said improvement is \$8,760.00.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the Auditor, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by commissioners. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded on the bid or to carry out the same in any particular or to pay for any labor or materials which may have been furnished to any such contractor or contractors or to any sub-contractor, agent or superintendent under him, in the construction of said work.

Said contract will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by commissioners and successful bidder.

PHONE 1154Waves of Heat From
All Over the Country

Kansas City, Mo.—The burglar who robbed Mrs. J. H. Calvin during the height of the heat wave was a considerate fellow, according to the victim. He scorned her bathing suits but disappeared with a \$500 fur coat and other winter clothing.

Paducah, Ky.—Tom Biddy doesn't pack a shot gun, but when he arrived at Richards Lake on his farm a crowd of bathers splashed wildly for dry dock. "My two pet alligators got away last night and are swimming around in here," he said.

Traverse City, Mich.—Frank Joy was stricken with a "case" of absent mindedness as a result of the heat. He got under the cold shower at the country club here after having removed only the shoes of his golf attire. He discovered his predicament when he reached for the soap.

Wilkesbarre, Pa.—The terrific heat caused a wreck in the Hudson yards of the Delaware and Hudson railroad, tying up traffic for several hours. A switch expanded and two freight cars were piled up, blocking two lines.

Philadelphia, June 21—Although the temperature was an even 100 in the court room, Wm. Shepperd appeared in heavy winter clothing, carrying a fur lined overcoat with beaver collar. He had been in prison without bail since November and didn't want to part with his clothes when paroled.

Sandusky, Ohio—With the mercury hovering around 92 in the shade, motorists here are "brick pavement shy" today. City authorities said excessive heat was responsible for the "explosion" of a strip of brick pavement here which threw Lee Jeffrey and his automobile into a ditch.

Cleveland, Ohio—A maniac believed crazed by heat, still played "you chase" with a squad of police in Edgewater Park here today, after being "it" all night. With large bouquets of flowers in each hand, the young man darted in and out among the bushes and driveways shouting to patrolmen from behind corners and then disappearing.

Elgin, Ill.—Mrs. Charles F. Bueche was "dolling up" at her dressing table during a thunder storm late yesterday. She rose from the table and stepped across the room to get a comb. A bolt of lightning darted into the room, smashed the dressing table mirror into smithereens and set the house afire. Mrs. Bueche calmly brought a bucket of water from the kitchen and quenched the flames.

MANY VICTIMS AS
NATION SWELTERS

Continued on Page Four

United States weather bureau here declared today.

Fifty nine persons have perished as a result of the heat wave, sweeping a great part of the United States.

These casualties occurred in Missouri, Ohio, Michigan, Illinois, New York, Massachusetts and Pennsylvania.

Suffocating heat was reported throughout the east and middlewest. Thousands of sufferers slept on beaches along the Atlantic coast and in big cities parks were thrown open for the same purpose.

This is the longest day of the year and it started out with even higher temperatures in many places than yesterday. More deaths and prostrations are considered inevitable if the heat continues.

Columbus, Ind., June 21.—The heat wave claimed its first victim here today. The body of Jasper Burns, 65 years old, was found on the banks of White river, where it had apparently lain for a number of hours before being discovered. The coroner's verdict was that a sunstroke caused the death of the aged man.

New York, June 21.—Seven deaths are reported as a result of the heat wave which enveloped New York yesterday and today, from

a statement issued from the medical examiners office. The thermometer registered 81 degrees in the shade at 8:45 o'clock this morning. The weather bureau announced continued clear and warmer weather for today and tomorrow with no relief from the heat in sight.

Chicago, June 21.—The total of the heat wave in Chicago was increased to 15 today with police reports of three more dead.

Five deaths were reported yesterday and Tuesday night and seven the day before. Extremely hot weather continued today in the middlewest.

Kansas City, Mo., June 21.—One woman died in Kansas City due to the hottest weather of the summer. A light shower last night furnished temporary relief but the mercury again hovered around 90 today. Mrs. Rose Chandler collapsed and died as she was preparing a bath to escape from the intense heat. Many others were overcome.

Detroit, Mich., June 21.—One man committed suicide and five other attempted to end their lives as a result of the heat here, which reached 91 degrees, according to police reports. Six heat prostrations were reported in the last 36 hours.

Columbus, Ohio, June 21.—Twenty Ohioans have perished in the

THURSDAY, JUNE 21, 1923

WHY WILL YE DIE?—As I live, saith the Lord God, I have no pleasure in the death of the wicked. Turn ye, turn ye from your evil ways for why will ye die, O house of Israel?—Ezekiel 33: 11.

A Little Horse Sense

Why is it the average young man of twenty has an intense longing for life in the big cities?

Why is it that millions of men of maturity in the cities have an equally intense longing for the peace and quietude of the rural districts they left in their younger days?

The country town does not blaze with the bright lights of life as do the great cities. It is small, but it is to be subdued. Its citizen's words are solid, and substantial, and inclined as good as their bonds, and their reputations stand high in the sight of their fellow men, but the variety and excitement that appeals to youth is too often missing. Hence youth becomes fretful, and impatient of restraint, and finally breaks the home ties and rushes into the maelstrom of metropolitan existence.

Once in the great city, possibly one in ten succeed, and a few forge, gradually to the front. In time these few are known to the world as self-made men.

The other nine are not so fortunate.

Opportunities are numerous, it is true, but where there is one opportunity there are many young men of varied experience waiting to grasp it. Thus the great majority of young men from the country who invade the cities expecting to set the world afire find that about the best they can do is to burn the candle at both ends.

Too proud to go back to the home town and confess failure, they just plug along and do the best they can, disillusioned and wiser, but not better off.

They are the millions who, later in life, long for the peace and quietude of the home towns they left in their younger days.

The remedy is simple. Pull the home town out of the rut and the boys won't want to rush out of the town.

Loosen up on the purse strings and introduce some spice and variety into our community life.

Make the country town and the farm so attractive to our young people the city will no longer appeal to them.

Don't expect our boys and girls with red blood in their veins to be content with spending their lives in a cemetery.

Begin to live yourself, and you

won't be opposed to allowing the rising generation to do the same. Life is full of changes, and there is only one end for the person who is not willing to change with the times.

A Lesson to Remember

Cleveland, South Carolina is grief over the death of seventy-six children, parents and friends in a school-house fire. It is useless to elaborate on the details of the fire which resulted from a rickety fastening causing an oil lamp to fall to the floor during an entertainment being given by the children.

The suffering caused by such fires as this is beyond understanding and yet almost weekly we read of school house tragedies where one or more children meet death.

The only difference between this fire and others is in the number killed, and this brought it forcibly to the attention of the whole nation.

The National Board of Fire Underwriters has been doing everything in its power to show the American people the criminal waste which they permit each year when they allow 15,000 persons and some \$500,000,000 in property to be wiped out by fire, when about 90 percent of such death and loss is preventable.

The Underwriters Laboratories in Chicago has been testing every kind of building and household equipment as to its fire proof or fire resisting qualities and its advice on those matters is free to the public.

Carelessness with fire is equally dangerous in a little town like Cleveland or in a great city like New York.

Let this awful disaster warn every household in the land to be careful with fire and let parents demand that public officials see that school houses and public buildings are properly safeguarded so that another Cleveland catastrophe cannot occur.

North Manchester — Horse racing will be a feature of an Independence day celebration here July 4.

Elwood — Edward H. Dehority is assuming the role of globe trotter. He started for Europe and will tour the entire world before returning to Indiana.

Lafayette — An elaborate musical program marked the dedication of the new St. Lawrence catholic church here.

Burket — Wheat, oats and corn crops of Kosciusko county give promise of being exceptionally large according to Jonathan Tinkey, for 60 years a farmer.

ADMINISTRATOR'S SALE OF PERSONAL PROPERTY

Notice is hereby given by the undersigned administrator of the estate of Virgil R. Thompson, deceased, that at 1:30 P. M. on SATURDAY, the 23rd DAY OF JUNE, 1923, at the Russell Kirkpatrick Garage, on South Morgan St., in Rushville, Indiana, he will offer at public sale the following personal property of said decedent, to-wit:

1 Drum Tiona Oil, 50 gals.; 20 or more gallon cans White Star oil; 2 tire covers; 1 hydrometer; step plates; inner tubes; auto horn; tire pump; stop light; empty cans and a miscellaneous lot of tools and implements.

TERMS—All sums of \$5.00 or under, cash; on sums over \$5.00 a credit will be given until September 1, 1923, without interest, the purchaser giving his note with approved security.

A. L. GARY, Administrator.
June 18-19-20-21-22.

NOTICE TO BIDDERS

The Common Council of the City of Rushville will meet in regular session July 3, 1923, at the Council Chamber in said city, and at 7:30 p. m. will receive sealed bids for the collection of garbage for the ensuing year.

Each bid must be accompanied by a certified check for the amount of three hundred dollars (\$300). The council reserves the right to reject any or all bids.
EARL E. OSBORNE, City Clerk.
June 7-14-21.

FIFTEEN YEARS
AGO TODAYFrom The Daily Republican
Tuesday, June 23, 1908

There was a merry time at the Merry-Go-Round last night for a few minutes when Solomon Chase Bennett and Victor Emanuel Dinwiddie engaged in a fist encounter. Dinwiddie started to open the affair with a knife and cut Bennett a slash across the thumb with the first swipe. Mannel drew blood and had to go back to first for when he pulled himself together after Bennett had planted his fist in his face he was engaged in a study of astronomy, and was counting stars. One of the stars he counted was the one worn by Policeman Pea who saw him safely out of the crowd and to the county bastille.

Rev. J. T. Leggett, pastor of the colored Baptist church here, follows two professions though they are widely different, they go "hand in hand" in this instance. Besides being a minister of the gospel and having charge of a large congregation, he is a high class, finished chiropodist and is an artist in the caring of the feet, toe nails, corns, bunions and ingrown nails.

Will Young, the happy vice-president of the town board of Jersey City—formerly Circleville—suffered what was first thought to have been a sun stroke about noon today near Ruhlman's blacksmith shop. He was carried into the shop and Dr. Coleman was hurried to the scene. Upon examination it was found that Young had fainted, having suffered intense pain from lumbago attacks. He could not be removed for several hours.

Miss Emma Marsh, who has been connected with the Tron millinery store here for some time, will be married to James Dill, who is employed here at the Hunt & Kennedy hardware store, at the home of her mother in Indianapolis Wednesday evening. The ceremony will be witnessed by a number of Indianapolis and Rushville friends.

Earl Churchill took a frog hunting party in his motor car to Big Blue river last night. They captured a half bushel of the greenbacks and among them the largest frog ever seen by anyone in this community.

Mrs. Charles Lyons, of West Third Third street, who sustained a broken arm when John Uhlman was killed by and L. & C. car Saturday night, is still suffering from the shock of the accident, which was very severe one for a woman to experience.

Mr. and Mrs. Merrill Ball and daughter of near Henderson and Mr. and Mrs. W. H. Gary and two daughters of Garden City, South Dakota, spent last Saturday with Lem Hill and family, near Lewisville.

Greensburg News: Claud Cambren a Rushville lawyer and one of the best at their bar, was here today on legal business. Claud is always a welcome visitor in this county, where a large majority of the people believed in 1898 that he or some other good Republican should have been our circuit judge.

Looking
Ahead

IN ATTEMPTING to vision the demands for its products, which the next ten years may develop, the Standard Oil Company (Indiana), taking counsel of its long experience, is preparing to care for an enormously increased business when it develops.

In the decade just past the demand for gasoline has increased far beyond the dream of the most imaginative, as viewed from 1913.

In that year there were 1,287,000 automotive vehicles registered in continental United States.

Today there are more than ten times as many, yet, the Standard Oil Company (Indiana) is able to supply the demand for its service now more promptly and with greater efficiency than was possible ten years ago.

The Company has been able to keep up with this great, constantly increasing demand because it always is working with a keen eye to the future and preparing, so far as is possible for the extreme demand which may be developed.

During the past ten years the Company has found it necessary to expand its manufacturing facilities to an extraordinary degree; to create and develop processes which would recover a greater amount of gasoline from a given quantity of crude, without in any way sacrificing quality—to expand and perfect a network of distributing outlets which would operate with machine-like precision—bulk storage depots, service stations, delivery trucks and tank wagons.

Not even the remotest spot in the ten Middle Western states is without Standard Oil service.

All of these things have been done. They have been accomplished without any blare of trumpets—just as a part of the day's work.

It is the ambition of the 27,000 men and women who make up the personnel of the Standard Oil Company (Indiana) to conduct every department of the Company's activities so that you, as an American citizen, will point with pride to the Standard Oil Company (Indiana) as a leader in a highly specialized branch of an essential industry.

Oil Men, Bankers, Business Men
Raise Big Sums And Now Rail-
roads Are Chipping In

NEED LAST \$100,000.

Great Northern System Is Reported
To Be Back Of Financial Drive
—Dempsey Works Out

By HENRY L. FARRELL
(U. P. Staff Correspondent)

Great Falls, Mont., June 21.—The Dempsey-Gibbons fight in Shelby on July 4 is getting to be a national institution.

Montana oil men first extracted great lumps of coin from their bank accounts to assure the state that the title bouts would be held here, then the bankers came across.

Now the railroads are getting ready to shell out.

Another \$100,000 to meet the final installment of the \$300,000 purse guaranteed to Jack Dempsey is to be raised and deposited in a bank to the credit of the champion today or tomorrow.

The officials of the Great Northern railroad, it is reported are back of the drive for this \$100,000. The railroad as a company cannot by law put up the money for such a purpose, but individuals of the company will advance the fund and lend the moral support of the Great Northern name.

W. P. McKinney, vice president of the Great Northern left for Shelby last night after a conference here. He will meet Sam Trask, new manager of the fight in Shelby today.

Rain and chilly weather forced Dempsey to work inside yesterday. He boxed at top speed with Billy Wells and Jack Burke and pulled up easy at the end of the workout.

The champion is turning his attention to speed now and he is not treating his sparring partners as badly as he did last week. His wind seems to be improving and he gets around with more spirit in his work.

RETURN FROM CONFERENCE

A. W. Wilkinson of this city, Elmer Hutchinson of Arlington and Rowland Hill of Carthage have returned home from Chicago, where they attended the National Wheat Conference, that was in session two days in that city.

Boxing Champions by Whim

By PAUL R. MALLON
(U. P. Staff Correspondent)

New York, June 21.—"When is a champion not a champion?"

Ask the New York State Boxing Commission.

The board of governors of boxing in New York is practicing a policy of lifting the championship laurel from the head of one boxer and placing upon the brow of another. Thus are champions made in New York. They needn't fight. All they have to do is place a forfeit with the commission, wait six months, and if the challenge is not taken up they forthwith become champion of their class.

A champion may be champion in the state of New Jersey and every other state in the country, and yet a few miles away there would still be another champion of the same class in New York.

This was not the purpose for which the law was made. The purpose of this provision was to avoid the old role of champions dodging fights with contenders they feared. Before boxing regulations were introduced, a champion could refuse to meet any of his chief contenders

and thereby retain his title even though he might not be the best man of the class.

He still can. The law didn't help matters any. It only complicated things.

The commission lifted the title of Mickey Walker because he had failed to answer the forfeit of Dave Shade. The title thereupon was given to Shade. A perfect law would not have permitted this. It would have COMPELLED Walker to meet Shade, and determine which was best. After the order was issued, Walker didn't worry any. He went on fighting in other states under the name of champion. He did just what he pleased outside of New York.

When the commission decreed that Johnny Kilbane was no longer champion because he would not meet Eugene Criqui, it didn't worry Kilbane either. He went on picking up money in other communities as he pleased, and when he got good and ready to fight Criqui he did—and lost his title.

If every state where boxing is permitted had a state commission and these state commissions were bound together as a sort of "court of justice" this old rule could be eliminated and a national policy toward boxing established.

EAGLES ARE READY FOR GAME SUNDAY

Greensburg Expected to Wipe up
Earth on Rushville, And Adds a
New Hitter to List

PROBABLE LINE-UP GIVEN

The Rushville baseball team will invade Greensburg where they will tackle the Eagles, and the locals will probably present a few changes in the line-up in order to put across a victory.

On the Sunday following, the Greensburg team will play a return game in Rushville. Hall and Thompson form the battery for Greensburg, and they have been hitting a fast pace all season.

The definite line-up for Rushville has not been announced, but will probably be W. Behnke and Byrne as the battery, Cookeman at short; Clever or Schoft on first; Conway at second; R. Behnke at third; Tetters, Pearson and Sharp in the outfield. Greensburg has just added another player, Ralph Davis, an outfielder from Kentucky, who has a reputation of getting three base hits and home runs.

TO PLAY RICHMOND SUNDAY

Arlington Club Expects Fast Contest
With Quaker Team

The Arlington Athletic Club will play a fast baseball game from Richmond on Sunday afternoon at Arlington at 2:30 o'clock. Arlington will have Morris on the mound, who is a star twirler, and pitches just as effective with his left arm or right; and Tyler of Rushville will do the receiving.

The Arlington team has been playing a good brand of ball this season, and last Sunday lost a close one to Flat Rock, 5 to 3, after holding a lead up until the ninth inning, when Flat Rock stepped in and forged ahead.

The Score Board

The Athletics tied the score in the ninth and took the game from the White Sox in the eleventh 4-3.

A wild throw by Haines, Cardinal moundsman, paved the way for the Giants to score five runs in the ninth and beat St. Louis 7 to 5.

Ehmske held the Browns to three hits and won his tenth game for Boston 3 to 1.

The Cubs moved into fifth place when they went on a hitting rampage and trounced Philadelphia 16 to 1.

Going into the tenth inning with the score tied, 8 to 8, Boston scored

America Should Have Tax-Free Rubber

TIRES and economy in motor transportation are so intimately related that safeguarding the future of our rubber supply becomes a subject of vital national importance.

Forward-looking American tire manufacturers—the world's largest consumers of rubber—are already preparing to meet the situation, and in due time an ample supply of raw rubber will undoubtedly be available in districts free from

burdensome taxes and restrictions.

Supplementing the commendable efforts now being put forth to provide the United States with tax-free rubber, the Pennsylvania Rubber Company of America, Inc., has already engaged a staff of experts for research in countries throughout the world where conditions may favor the growth of this indispensable commodity.

MOLES CAUSING CONCERN

Hundreds of Lawns in Cities Have
Been Ruined by Animals

Warsaw, Ind., June 21.—Thousands of groundmoles that have appeared this summer in Kosciusko and adjoining counties are giving farmers and townspeople considerable concern. Hundreds of lawns in cities and towns have been ruined by the animals, which also have done much damage in the rural district. Never before have the moles been so numerous as at present. Scores of the

animals have been plowed up by farmers and in counties where bounties are paid for the heads of the animals, the funds provided for this purpose in most instances have been exhausted.

Holders of the heads have been advised by county auditors to keep them until after the meetings of the county councils next September, when it is probable that further appropriations will be made.

Brazil.—The storage rooms of the Owl hardware company were damaged by fire. The loss was small.

missed in the mayor's court at Connersville, for lack of prosecution or evidence, and that the charge was preferred by Clevenger without any probable cause and was maliciously enacted.

He demands judgment for \$10,000 because he says that his reputation was injured, and he suffered from the effects of being embarrassed for being confined in jail.

The three suits were filed by Albert C. Stevens, attorney of this city and E. W. Hover, of Indianapolis.

Old newspapers for sale, 5c per bundle at Republican office.

six runs and won from Pittsburgh 14 to 8.

Speaker got his first hit in three games in the seventh inning and started Cleveland's rally, which ended in the defeat of the Senators 5 to 1.

The Tigers made eleven singles, three home runs, two triples and one double, winning from the Yanks 9 to 7.

DEMANDS \$30,000
FROM CLEVELER

with the theft of a ring at Connersville.

The warrant for his arrest was signed by James Clifton, mayor of Connersville, and following his arrest he says he was imprisoned in the Marion county jail for six hours, and released without bond.

Fritch alleges that on June 15, 1923 this case against him was dis-

Society

Miss Ruth Elizabeth Maucher and Paul C. Souder, both residents of Carthage, were quietly married Wednesday evening at the Main Street Christian church parsonage, by the Rev. L. E. Brown.

The last meeting for the year of the Delphian Society will be held Friday afternoon at 2:30 o'clock at the Elks club rooms. Mrs. Robert E. Mansfield will be the leader and a large attendance of the membership is urged for this meeting.

Mr. and Mrs. M. W. Harkins and daughter Jane, of Northfield, Minn., and Mr. and Mrs. Frank Harkins, of Detroit, Mich., are the house guests of their mother, Mrs. L. E. Brown and husband. Mr. and Mrs. Harkins motored here from Northfield, Minn., a distance of nine hundred miles.

The Loyal Daughters of the Main Street Christian church were royally entertained to a fried chicken supper Tuesday evening at the home of Miss Hattie Emmons living southwest of the city. Following the serving of a delicious repast an informal social evening was enjoyed. During the business meeting the following officers were elected: president, Mrs. Ellis Downey; vice president, Mrs. John Nipp; secretary, Mrs. Noley Newkirk; treasurer, Mrs. Russell Barringer.

Mr. and Mrs. W. D. Root and Mr. and Mrs. Robert E. Mansfield were gracious hosts and hostesses Wednesday afternoon and evening when they entertained the members of the Wi-Hub and several invited guests at the Newcastle Country Club. A delightful informal afternoon was enjoyed by those present and at six

o'clock an elaborate six o'clock dinner was served. The invited guests were Mrs. James E. Watson, of Washington, D. C., Mr. and Mrs. L. B. Miller, Miss Jean McClannahan, and Mrs. J. B. Kinsinger.

Miss Ethel Trobaugh delightfully entertained the members of the Get-Together club Tuesday afternoon at her home in West Seventh street with an informal social party. Delicious refreshments of cake, sherbet and orange ice were served.

The Dunning Music Study Club held a recital Wednesday evening at the home of their instructor, Mrs. Will Meredith in North Morgan street. A splendid program, consisting of solos, piano numbers, recitations, readings and a cornet solo, was enjoyed by over a hundred guests, including several guests from Morristown, and two guests from North Carolina, Mrs. Case and her daughter. The home was prettily decorated for the occasion with summer flowers and refreshments were served during the evening.

Those participating in the program were, Virginia Carter, Lowell Moore, Ellen Jane Capp, Lowell Craig, Mary Gale, Janie A. Megee, Oren Whitton, Julia McKillen, Jean Craig, Mary Elizabeth Trubee, Robert Handy, Graham Pugh, Roberta Hays, Merrill Talbert, Donald Dean, Louise Pittman, Dorothy Logan and James Carr.

The following clipping from the Connorsville New-Examiner gives an account of a social event given in honor of Miss Jean Porter who will become the bride of Scott Buell, living east of the city, this month:

Among the many pretty pre-nuptial parties honoring Miss Jean Porter, whose marriage to Mr. Scott Buell of Rushville will take place this month, was the bridge party last evening at the home of Mrs. M. Lair Hull on East Twelfth street, for which Mrs. Hull and Mrs. Hugh Beaton of Danville, Ill., were hostesses. The guests were the bride-elect, and Mrs. Winter Hull, Mrs. Willis H. Morgan, Mrs. Ray Elliott, Miss Vancila Glass, Miss Bernice Reel, and Miss Huldah Pepper.

Two tables were arranged for the games and the honors were awarded to Mrs. Ray Elliott. When the hostess' favor was presented to Miss Porter a miscellaneous shower was featured. The hostess' gift was a fancy basket tied with pink paper and ribbons and in it all the shower presents were concealed. A pretty bridal corsage bouquet of pink roses with ribbon streamers of the same color decorated the cover of the basket and from the ends of each ribbon tiny rose buds were attached to the various presents for the shower. Refreshments in keeping with a bridal party were served.

ANNUAL MEETING IS NEXT WEEK

Continued From Page One

turers' Association complimentary to the Indiana Retail Dry Goods Association. A complete line of suits, wraps, blouses sweaters and other articles of woman's apparel will be shown on living models at the close of the dinner. An innovation in the style show will be that fifteen young ladies, members of the Delta Delta Delta Sorority of Butler college will act as models. A special program of music by the Lincoln Trio and pipe organ will be given during the banquet and the style show.

A great deal of interest is being

DOCTORS WANTED TO OPERATE

Mrs. Quillon Tells How Lydia E. Pinkham's Vegetable Compound Saved Her from an Operation

Muskegon, Michigan.—"After doctoring for eight or nine years with different physicians without any relief at all, they said that my case was beyond reach and that I should have an operation. I had heard of Lydia E. Pinkham's Vegetable Compound and often saw it advertised in different papers where some women had suffered just as I did and got well and strong again by taking the Vegetable Compound. I decided to see what it would do for me, and before I had finished the fourth bottle I was much better, the weakness stopped and the severe pains in my sides left me. I am now much stronger and do my own work and work in the factory besides. I am still taking the Vegetable Compound and give it the praise."—Mrs. NELLIE QUILLON, 17 Morris St., Muskegon, Mich.

Women should heed such warning symptoms as bearing down pains and weakness, for they indicate some female trouble, and a persistent and faithful use of Lydia E. Pinkham's Vegetable Compound will seldom fail to help.

DePAUW MEETING

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend," Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse. We had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start now, and meanwhile write to Bradford E. Kato, Co., B.A. 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

THEATRES MOVIES

Theodore Roberts Featured

It is not often that a motion picture provides a happy combination of thrills and grins such as distinguishes William de Mille's latest Paramount picture production of "Grumpy," featuring Theodore Roberts, May McAvoy and Conrad Nagel, and which will be the feature at the Princess Theatre for today.

The story deals with the love affair of a young couple, which is handicapped by a diamond robbery but the mystery of which is solved by Grumpy, a retired criminal lawyer, capably portrayed by Mr. Roberts. The solution of the mystery and capture of the robber hinges solely on a gardenia blossom, of which there are three worn by the characters in the story. From start to finish, there isn't a dull moment. Miss McAvoy and Mr. Nagel are delightfully cast, and the production as a whole is said to be one of the most entertaining ever presented by Mr. de Mille. Casson Ferguson has a strong crook role. Others in the cast include Bertram Johns, Charles Ogle, Charles French, Robert Bolder and Bernice Frank.

At The Mystic Friday

Jane Novak in "Belle of Alaska," directed by Chester Bennett and distributed by American Releasing Corporation, which will show at the Mystic Theatre, Friday is plumb full of thrills, action and pathos.

One of the mighty thrills, showing a Yukon steamer crashing against an iceberg off the Pacific coast, is said to be the most effective shipwreck scene ever devised for a motion picture entertainment. Half dressed, undressed, half dazed from sleep, passengers are shown in a mad fight for safety. The ship is seen sinking slowly as the steamer's searchlight plays upon the surface of the water. Scores of desperate passengers can be seen struggling in the water to climb on life rafts, life preservers or any litter from the ship floating about in the water.

Miss Novak's sensational leap off the steamer deck in another scene will afford the spectator one of the

most thrilling incidents ever depicted. A mad swim for the dock by Miss Novak will make your hair stand on end while the passengers aboard the ship become panic stricken at the sight of this girl in the water after her mysterious leap. Miss Novak illustrates her ability as an emotional actress in this heart and action drama of the roaring Yukon.

DIES AT 96 YEARS

Kokomo, Ind., June 21.—Mrs. Anna S. Blanche, 96 years old, a resident of Kokomo for more than three quarters of a century, is dead at her home here from infirmities due to old age. She lacked but your years of reaching the century mark. Mrs. Blanche was the widow of the late Col. Willis Blanche, who commanded the 156th Indiana Volunteers in the civil war.

Popular Abroad

A new picture of Mrs. Elbert H. Gary, wife of the chairman of the U. S. Steel Corporation, who gained great popularity at social affairs during their trip abroad.

INDIANA'S CANYON IS POPULAR PLACE

State Park is One of a Chain of Reservations Which Attracts Many People Weekly

IT GROWS EACH WEEK

Accessible on Road 32 From Southern Indiana Cities—Hotel Accommodations Adequate

Indianapolis, Ind., June 21.—McCormick's Creek Canyon State Park, one of the chain reservations operated under supervision of the state conservation department is proving very popular with recreationists and seekers of out door pleasures although the summer season was long delayed, according to a report filed by Charles G. Saurers, in charge, with Richard Lieber, conservation director for this state.

In excess of a thousand people visited this park last week, the report says and adds, "there is really no question that this reservation will eventually be as popular as Turkey Run because all who visit it like it very much and bring back assuring reports."

This 350-acre reservation is situated on State Road 32 and is very accessible to southern Indiana cities. It is only a little over sixty miles out of Indianapolis and in the past two seasons proved popular with Capitol city folks because of the scenic motor routes thereto. Excellent hotel facilities prevail at the park and reserve abounds in primitive beauty such as splendid timber, deep, scabrous canyons, variety of plant life, et cetera. As a recreational center it is possibly without peer in southern Indiana.

Sixteen new rooms have been added to the hotel equipment at Clifty Falls Park, near Madison, according to Mr. Saurers' report. In this respect conservation officials converted a large barn into a hostelry for lodging. A large farm house which last year was remodeled into a hotel but in which sleeping accommodations are limited stands on a 400 foot bluff in a bend of the Ohio river and gives a view of river and lowlands for nearly ten miles in either direction. From this immense cliff one sees a wonderful panorama of the Ohio Valley, while the City of Madison, nestling in the foothills a few miles distant, gives the impression of some Alpine village so dear to the eye of the tourist of Continental Europe.

Extensive development of Clifty Falls Park is proposed by the conservation commission and when plans now formed are carried into effect, this state park will be the pride of every Hoosier, it is believed.

EXPIRES AT ZIONSVILLE

Mrs. Amanda Thompson Will Be Buried At Blue Ridge

Mrs. Loren Tillison, of near Blue Ridge, has received word of the death of her aunt, Mrs. Amanda Thompson, wife of Everett Thompson, who died at their home in Zionsville, Tuesday evening from a complication of diseases, with which she had suffered for some time. Mrs. Thompson was formerly a resident of Rush county and was well known. She was about sixty-eight years of age.

Funeral services will be conducted at the late residence in Zionsville, Friday morning at 10:30 o'clock, after which the body will be brought to Blue Ridge, where the burial will be made Friday afternoon.

FOUND MA TO ON TOOTH

Wabash Professor Declares It Is Most Perfect Specimen Ever Found

Crawfordsville, Ind., June 21.—The tooth of a mastodon, half as large as a human head, was found by Bert Ellis while he was fishing on sugar creek near this city. Ellis took the tooth to zoology professors of Wabash college and they declared it was one of the most perfect specimens found in the state.

The mastodon, according to science lived in the stone age. It was much larger than the modern elephant, of which it is believed to be the forerunner. After seeing the size of the mastodon's tooth, Bert was of the opinion that it must have died of toothache.

THE STUDEBAKER LIGHT-SIX SEDAN

Where Quality Counts Above Everything Else

Quality is more important in an enclosed car than in most any other product in daily use.

Regardless of price, it is not economy to buy a makeshift job in which the quality is skimmed and cheapened at every turn. Paint, imitation leather and fibre board too often cover serious structural defects and cotton-and-wool trimming cloths are short lived. The chances are that the buyer will more than pay the difference later—in higher upkeep cost, frequent repairs and excessive depreciation.

The price of the Light-Six Sedan is the lowest at which it is possible to obtain a substantial, high grade hardwood and steel body, upholstered in mohair, in combination with a chassis of proved dependability and performance.

Power in surplus measure to satisfy the most exacting owner

FARMERS' UNION IS NEED OF HOUR

Continued From Page One

labor to "bust the trusts" through political campaigns and warned the farming interests there was no hope in such a course.

The road to a "square deal" Gompers declared, its not through senators or through state legislators, but through organization.

"There is no force in our social organization that will not come to the council table with the farmers when the farmers find the way to organize and combine their strength."

A sensation was sprung at the conference when John R. Mauff, executive vice president of the Chicago Board of Trade, threatened

suit against Senator Arthur Capper, Kansas, for alleged "defamation of character of the 1,598 members of the board."

Capper, in a speech before the body, termed the Chicago Board of Trade "the world's greatest gambling place" and charged that "every wheat grower had been victimized by vicious short selling at the hands of big manipulators who virtually have been in control of the Chicago Board of Trade."

Fairmount — Members of the Friends church at a meeting here decided to dispose of the property which has been used for 40 years as Fairmount academy.

REWARD FOR SLAYER

Indianapolis, June 21.—A reward of \$250 for the arrest of the slayer of Jesse Louden, motor policeman fatally wounded by a negro prowler, was offered by the city of Indianapolis today. Louden's comrades on the police force have promised a like sum, and merchants and business will add to the reward offer. No trace of the negro gunman has yet been found, although detectives have rounded up half a dozen suspects.

M. W. A. TO MEET TONIGHT

A large attendance is desired at the Modern Woodman hall tonight, as twelve delegates to the State Log Rolling, July 4, will be elected at this time. The annual contest will be held at Lebanon.

Take all the worry out of life in the kitchen

The West Bend Waterless Cooker-Roaster

The Marvel of Aluminum Cooking Utensils

Actually cooks without water. Meats and vegetables may be cooked in their own juices. There is no loss of nutriment or flavor. Contents need not be turned or stirred. Needs no watching. Place cooker over a low flame on top of the stove, go shopping or attend to your other work—the food will be thoroughly cooked without burning.
